PROFESSIONAL SUMMARY

Motivated Computer Science and Engineering student interested in software development, AI-assisted automation, and intelligent systems. Enjoys turning practical problems into working prototypes, learning new technologies, and collaborating in team-based projects. Seeking opportunities to contribute to real-world software projects and strengthen engineering skills.

EDUCATION

B.E. / B.Tech. in Computer Science and Engineering

Saranathan College of Engineering, Tamil Nadu | Expected Graduation: 2028

Relevant coursework: Data Structures, Database Management Systems, Computer Networks, Operating Systems, Software Engineering.

TECHNICAL SKILLS

Programming	Java, SQL, JavaScript (basic)
Web / Tools	HTML, CSS, Git, GitHub, VS Code, NetBeans
Concepts	OOP, DBMS fundamentals, REST API concepts, debugging, version control
AI / Data	OCR concepts, data validation, introductory machine learning

PROJECTS

AI-Powered Bid Compliance Verification Platform | Hackathon Prototype

- Designed a concept for checking procurement documents against predefined compliance rules.
- Explored OCR-based field extraction for sample documents and rule-based validation results.
- Focused on clear validation status, explainable results, and audit-friendly workflows.

Decentralized Traffic Signal Optimization | Simulation Project

- Developed a SUMO-based project concept for adaptive traffic signals across multiple intersections.
- Explored emergency-vehicle priority, bus priority, and traffic monitoring dashboard ideas.
- Worked with simulation configuration, network files, and vehicle route definitions.

Campus Attendance Calculator | Web App Concept

- Planned an attendance calculator using department, year, course, and timetable information.
- Emphasized transparent period-counting logic and accurate course-wise attendance percentages.

EXPERIENCE & LEADERSHIP

Student Team Lead — College Hackathon

- Helped coordinate prototype development, task breakdown, and presentation preparation.
- Contributed to explaining the problem statement, solution workflow, and technical approach.

STRENGTHS

Problem solving • Team collaboration • Continuous learning • Technical presentation • Attention to detail

DECLARATION

This is a sample resume template for portfolio testing. Replace all placeholder contact details, dates, skills, and project claims with accurate personal information before using it for real applications.
